Non-action items: . None

Tabled Items: A discussion led by Sheri about making the schools aware of the Museum. Sheri suggested getting teachers to bring their students to the museum. She did not know that that had been going on for several years. Another idea Sheri had was the possibility of doing historical skits in the schools. We discussed this for a while and tabled the discussion until it got more input with the Where and Whys.

Announcements:

Curators notes: the Curator, Karen reported that there had been 241 guests sign the guest book since July 20, 2016. Donations have been getting catalogued and they are receiving several. The small out buildings have been closed since July due to the weather damage they received.

Heating the metal building is under consideration with Lane Straub working on ideas for next years budget, hopefully.

Have received two quotes for getting the doll display room going. Waiting for the budget to see if it passed the commissioners.

Next Meeting: (3rd Wed. of month) Wednesday, November 16, 2016, in the Steel Building

Adjournment: 4:35 p m. by Curt Williams, Chairman
